A Story of Life

Each and every person that walks through our door has a different story: a single woman, hurting and alone; a mom of beautiful children that still feels the ache of a past abortion; a young man who fears for the life of his unborn child.

We have the honor of helping them find happy endings. Our ultrasound ministry reveals a new story that's just waiting to be written. Our abortion recovery program brings resolution through the healing of past wounds. Our education and support programs provide physical and practical help.

And we get to tell the greatest story of all – the love of Christ for each searching soul.
